BENEFITING

YOUTH FARM

At Youth Farm we utilize food as a catalyst for social change, for community engagement, for leadership development - Food is our tool to change the world.

No child should grow up hungry in America, but 1 in 6 kids will face hunger this year. When kids get the food they need, they do better in and out of the classroom. No Kid Hungry uses practical solutions to end hunger everywhere it affects kids—at home, at school, and where they play.
